

# HOW TO COUNT

*free verse*  
Nico Willman | 10

All patriots, take note,  
How many ways can we count those votes?  
You can count them in your hair,  
You can count them anywhere,  
You can count them in a box,  
You can count them in your socks,  
You can count them in a stack,  
While munching on a Big Mac,  
Counting votes is very nice,  
You can try and count the white ones twice,  
Count them in the suburbs, try and change the numbers,  
You can count them all by hand, you'll still lose by twelve grand  
How long will we play this game?  
The votes will always add up the same.

# I AM IN THE WRONG MAJOR
